Dear District 10 Parents/Guardians:

In an effort to improve student performance, we will soon be deploying an internet-based system to communicate with parents. It will allow parents to login and view student assignments, scores, etc. It will also allow teachers to email parents when we have notable events in class (your child does outstanding work, gives good effort, misses an assignment, etc.). Our hope is that improved communication with parents will result in greater academic achievement.

If you would like to participate in this program, please send me an email with the following information (or fill out and return this form).

If you choose to participate, you should receive an email message with login/password. If you have any questions or comments about the communication system or your child's performance, please feel free to contact me.

Respectfully,

Dr. Reinhard Nickisch, Principal
