

# Peacock's Discovery Education Testing Schedule for 2011-12 School Year

**Peacock is once again administering three electronically (web based) assessments this year in order to more effectively measure student progress in math, reading and science. The tests we are using are a part of the Discovery Education Assessment battery of tests and will be scheduled three times during this school year. The first series of tests known simply as the "A" test will be administered during the weeks of August 29th and September 6th. The next set of Discovery tests (the "B" test) will take place during the weeks of December 5th and 12th while the final series ("C" test) is scheduled to begin during the weeks of April 30th and May 7th. As we had done last year all parents will receive a summative progress report of their child's performance. This report will be contained within the final report card envelope distributed on the last day of attendance for the school year.**
