Study Hall or No Study Hall - That is the Question!

Making the decision to have a study hall or take an extra class during the freshmen year, can be a difficult choice. Students who have learned to manage time well, are organized and highly motivated in their studies may very well be able to successfully take seven classes. Other students may find it helpful to have a specific time each day to work on their studies. Selecting a study hall may be the best choice for these students. Parents know their student the best and should provide guidance in this decision.

Placement into Academic Classes

Decisions regarding a student's placement into specific core academic classes will occur during December and be completed in January. By mid February, a letter will be sent identifying your student's placement into specific academic course in English, Math, Science and Social Studies. At that time we will be more than happy to answer any questions you have regarding placement.
